

ENDMILL CATALOG Vol.17 [1<sup>st</sup> Edition]

## Announcement of Contents Correction

This is to inform that the correction has been made for ENDMILL CATALOG Vol.17 (1<sup>st</sup> Edition) which issued on November 2016. With apologies, we have corrected the items as follows.

Page No.	Column / Line	Incorrect	Correct
B-009 B-010	SSPBTN220 Size Table Subject Name	Neck Dia.	Under Neck Taper Length
E-008	MSB230SF R Tolerance	R±0.005 (R≤3) ±0.01 (R>3)	R±0.005 (R≤1) R±0.01 (R>1)
E-052 ~ E-055	MRBTN230 Recommended Milling Conditions Subject Name (Hardness Details)	High Speed Tool Steels (~62HRC)	High Speed Tool Steels (~65HRC)
F-021	MHR230R Size Table Explanation Figures	Point milling with reducing the machining load to realize fine surface.	Larger back taper adopted for Dia. 2.5 and smaller.

\*These corrections are going to be reflected on next edition (2<sup>nd</sup> Edition).
